Word of the day

Vagary:

an unexpected and inexplicable change in something

Synonyms: whimsy, unpredictability, impulse

Usage: His vagaries often confuse his friends.

Pronunciation: newsth.live/vagary

International Phonetic Alphabet: /veɪgəri/

partial to hire "linkboys". These boys carried with them lanterns and candles and they provided the necessary light for the people going from one part of the town to another. Since the servants and the linkboys were looked down upon by the masters, the expression "can't hold a candle to someone" began to mean someone who is inferior.

What is the difference between "partially cooked" and "partly cooked"? (T. Sundaram, Vellore)
There is a tendency to use the words "partially" and "partly" interchangeably. But careful users of the language make a distinction between the two. When you say that the rice has been partially cooked, it implies that it has not been completely cooked. In other words, it has been underdone; it needs to be boiled some more. On the other hand, when you say that it has been "partly" cooked, it seems to suggest that while certain portions have been cooked properly, some others have not been properly cooked. Perhaps some parts have been partially cooked! It is possible for a person to eat rice that has been partly cooked; he can eat the portion that has been cooked properly. You can also eat rice that has been partially cooked, but you may end up with a stomach-ache.

How do you pronounce "schizophrenia"? (Swarup Dey Sarkar, Bokaro)
The word consists of four syllables. The first syllable is pronounced like the word "skit", while the second is pronounced like the word "so". The third syllable sounds like the word "free"; while the final "ia" is like the "ear" in "near", "dear", and "fear". The main stress is on the third syllable "phre". Some people pronounce the "o" in the second syllable like the "a" in "China".

Any idea what the word means?
Schizophrenia is a mental disorder; people who withdraw into a totally different world, one that has nothing to do with reality, are said to be suffering from schizophrenia. In informal speech, the word is often reduced to "schizo", although this may not be the polite thing to do when talking seriously about someone with a mental disorder.

नोट: नीचे दिये गये शब्द देखें, इनके तुरंत बाद sub + will / shall का प्रयोग नहीं होना चाहिए।

If, as soon as, provided, before, after, until, unless, in case, when, lest.

1. Unless or until के साथ not का भी प्रयोग नहीं होता। (वाक्य 4 देखें)
 2. Conditional Sentences में when के बाद will/shall का प्रयोग नहीं होगा। (वाक्य 5 देखें)
- लेकिन अगर वाक्य पूर्णतः वर्तमान का हो तो 'Main Clause' Simple Present में भी हो सकता है।

जैसे: If it rains, the schools remain closed.

- अगर वाक्य संभावना का हो तो 'will' के स्थान पर may/might का प्रयोग होगा।

जैसे: 1. If it rains, the students may not come for class.

जैसे: If I had money, I would lend it to you.

- ऐसे वाक्य 'improbability' व्यक्त करते हैं यानी 'If clause' में जिस कार्य का उल्लेख है वह नहीं हुआ।
- उपरोक्त वाक्य में If I had money से ये स्पष्ट है कि पैसे नहीं थे।

C. 'IF' CLAUSE IN PAST PERFECT TENSE

General Formula— If + Past Perfect, Sub + would + have + V₃

जैसे: If I had seen you, I would have stopped my car.

- ऐसे वाक्य में 'If clause' में जिस कार्य का उल्लेख होता है उस कार्य का न होना दर्शाया जाता है। यानी 'If I had seen you' से तात्पर्य है कि 'I had not seen you.'

Had + Subject + V₃ + obj, Subject + would + have + V₃

जैसे: Had I seen you, I would have stopped my car.

- (ii) 'If' Clause में हम 'Unless' so long, as soon as, when, provided, suppose, in case, but, for इत्यादि का भी प्रयोग कर सकते हैं।

Q. What Are Conditional Sentences?

A conditional sentence is a sentence that shows a condition and its result.

It answers questions like:

1. What will happen if something else happens?
2. What would happen if the situation were different?

Q. Conditional words

Conditional Word	Meaning	Example
Unless	if not	I won't go unless you come.
Provided (that)	only if	You can borrow the car provided you drive safely.
As long as	only if / on condition that	You can play outside as long as you finish homework.
In case	for precaution	Take an umbrella in case it rains.
Whether or not	no matter if	I'm going whether or not you come.
Suppose / Supposing	imagine if	Suppose you won the lottery, what would you buy?
Even if	condition doesn't matter	I'll go even if it rains.

Q. Structure of a Conditional Sentence

A Conditional Sentence Has Two Parts

If-clause (condition)

Main clause (result)
